

Agenda 9/23/13, 8:00 PM , Cook Campus Center Room 202

1. Call to order 8:00 p.m.

2. Pledge of allegiance

4. Approval of minutes and Agenda (1 min): Approved

5. Visitors' open mic (20 min each)

5.1. Dean Ludescher

Largest School Enrollment

- 3,777 Fall Enrollment- 100 more than ever been
- Same metrics as SAS
- Quite plan to increase the school to 4,000
- Almost 1000 students introduced to SEBS

Budget Cuts instead having a surplus, very large deficit

- The legislators allocated \$10 M would go to RU Camden and RU Newark
- Things will be tight this year and next and do everything
- \$1.6 M Deficit- change in appropriation
- For \$1, central keeps .4 and the rest is distributed among the school. 30% of the tuition paid for the school, 70% toward the school in which the course is offered; change would be 75% school in which class is offered, 25% toward SEBS-This 5% change results in a \$1M deficit.

Academic Majors- Two New Majors

- In January- New Landscape Architecture will be a stand alone major and an Entomology major will be later introduced.
- Some majors don't fit with our major and have a historic relic from when we were a liberal arts college; Journalism and Mass Media and Communications- examine and refocus ourselves as a school also examining a science communication minor; also talks with Mason Gross have a digital scientific film making- science film making

New Building- IFNH food nutrition and health and will be completed in the

- Research in Childhood Obesity and also include other areas of nutrition
- Change parking on campus
- 2 new buildings on College Avenue is an honors college and retail on the ground floor- Lot 8, Classroom

IFNH Lot Construction

- Food science almost/always full, Marine and Coastal Sciences
- Now have to walk instead of can't find a spot

Classroom Crunch on Cook/Douglass-

- One possible solution is to change the course scheduling block
- Only 8 blocks on Cook/Douglass while others have 9 blocks; a solution would be to 8:10am block start
- 9th period on College Ave ends on 10:30; Livingston/Busch 11:00pm

6.1. Senate Report

First Meeting is September 27th RSC Multipurpose Meeting; Meeting Starts at 1 p.m.

Description of Positions

12. Unfinished business (15 min each)

No Unfinished Business

13. New Business (15 min each)

SGC to Oppose the Construction on a Parking Lot on Skelley Field- Shira

Seconded: Daniel

Skelley field is protected wetlands

Goes against SEBS values to protect the environmental and sustainable awareness

21,000 parking spaces at Rutgers- 2,000 counted as empty on a daily basis, it's a matter of getting to a different lot

Questions: Was the parking lot build before EPA regulations?

Dean Ludescher- Does not appear in either transportation or central administration to put the lot in

Motion Approved Unanimous

14. Press Questions and Open Mic (20 min)

Dean Ludescher- Student Advisory Committee that puts input toward activities

Graduation activities, seeking volunteers, meet once a month somewhere on campus, bring issues to discuss, 2nd semester to discuss Baccalaureate ceremony;

Ludescher@aesop.rutgers.edu
