

What to do next meeting:

- Add new major reps that show up (ignore quorum for this)
- Tabling things for new members
  - Will help with retention rate (members being active)
- Committees get an assigned task for this semester instead of self-delegating
  - Allocations: always busy so they don't need another job
  - Academic Affairs: do UPD reports for majors with no reps
  - PR & Programming: update website and find a metric to increase our social media engagement
  - Internal Affairs: increase recruitment (emphasis on freshmen, sophomores, and juniors) and get club back to the way it was
  - University Affairs: find stuff to get SEBS' name out there and maybe bring back the newsletter
- Other (potential) events
  - Rutgers Day
    - Committee that is not doing much could help plan
  - IFNH Drinks Night
    - They used to do mixers with professors and students (with free alcohol for students of age)
  - SEBS Spring Fling
    - We can start talking about this now so that we can have it planned ahead of time
    - Thing for students to have fun at :)
  - MARK Conference
    - Leadership event
    - We could table there?
  - Mr. & Mrs. SEBS Pageant
  - Research presentation night— how we got our EBE requirements
  - Events with animal clubs
    - Collab w/ Companion Animal Club
      - Relaxation event
    - Collab w/ Seeing Eye Puppy Club
      - Different event
    - If we have an event with one, we need to have a separate event with the other, too (they have beef and we can't pick favorites)
